

Bargaining Team Update

Oct. 2, 2013

The short bargaining session began at 11 A.M. Many items were tabled for a later discussion. The primary discussion was centered around understanding the new funding, Local Control Funding Formula (LCFF).

Michael Coughlin updated the Bargaining Teams again with another version of the District's understanding of the LCFF in comparison to the previously used Base Revenue Limit. We discussed many differences and similarities.

Additional discussion was centered on Consultation and Bargaining Rights for issues related to Class Size, Common Core, and LCFF. MVTA is working with MVSD on the appropriate class sizes in relationship to each site. The class ratio is different at each site due to the new legislation. Issues were identified with the implementation of Common Core training for certificated members.

MVSD acknowledged that they had already restored five certificated employee positions.

MVTA proposed the restoration of the lost furlough days to the calendar. MVTA asked for full restoration of the six furloughs on the current work year.

MVTA and MVSD discussed many of the District's traits. Information will be used to identify comparable school districts of similar nature.

Next Bargaining Session: October 22, 2013, Tuesday

Bargaining Team

Chair: Laura Gaber, Miramonte x6625

Cindy Loveless, Monte Vista x3630

Brenda Mancia, Kranz x6251

Maria Aguilar, HeadStart Monte Vista x4674

David Chen, Baker x6721
